

PUBLIC OFFER

for access to the SafePDF Check software service

Revision 1.1

Effective date: 6 August 2026

Kazan, Russian Federation

This English-language version is provided for convenience. The Russian-language version is the legally binding public offer. If the two versions differ, the Russian version prevails, subject to any mandatory consumer protections that cannot be waived by agreement.

Payment for a selected plan constitutes full and unconditional acceptance of this Offer. As of this revision, all payments are one-time payments: there is no automatic renewal and no automatic recurring charge.

1. General provisions

- 1.1. This document constitutes a public offer under Article 437(2) of the Civil Code of the Russian Federation and sets out the terms for entering into a paid services agreement for access to paid features of the SafePDF Check software service (the “Agreement”).
- 1.2. The Provider is Ruslan Fedorovich Agliamov, Russian Tax ID (INN) 165051970039.
- 1.3. This Offer is addressed to legally capable individuals, individual entrepreneurs, and legal entities. Consumer protection legislation applies to individuals purchasing the service for personal, family, household, or other purposes unrelated to business activities.
- 1.4. Full payment for the selected plan on the payment page constitutes acceptance of this Offer. The Agreement is concluded when the payment is successfully confirmed, on the terms of the version of this Offer in force at the time of payment.
- 1.5. Before payment, the Customer must review this Offer, the plan description, price, access period, Privacy Policy, and service limitations published at <https://safepdfcheck.com/>.

2. Definitions

- 2.1. SafePDF Check (the “Service”) is a web application and Chrome extension designed to inspect PDF files locally for supported categories of hidden-data risk, remove supported metadata and annotations, and create an image-based copy of a PDF.
- 2.2. SafePDF Pro means the paid Service features available during the paid access period under the selected plan.
- 2.3. Website means <https://safepdfcheck.com/> and its related pages containing information about the Service, plans, and documents.
- 2.4. Customer means the person or entity that pays for SafePDF Pro access and accepts this Offer.
- 2.5. Payment Provider means Prodamus LLC and/or the banks and payment organizations engaged by it to process payments. The Provider does not receive or store the Customer’s full bank card details.
- 2.6. Paid Period means the SafePDF Pro access period specified on the Website and payment page. Unless expressly stated otherwise, a monthly period is 30 calendar days and an annual period is 365 calendar days.

3. Subject of the Agreement

- 3.1. The Provider shall grant the Customer time-limited access to SafePDF Pro features, and the Customer shall pay for such access.
- 3.2. The specific feature set, limits, price, and access duration are determined by the selected plan description on the Website and payment page. Those details form an integral part of the Agreement.

3.3. Access is granted under a limited, non-exclusive, non-transferable license solely for personal use and/or the Customer's internal professional use. No exclusive rights in the software, design, text, marks, or other materials are transferred.

3.4. The Provider may offer free features, trials, or promotional access. Their availability, scope, and duration may change and do not create an obligation to maintain them indefinitely.

4. Service operation

4.1. Selected PDF files are processed locally on the Customer's device by the browser or extension. PDF contents are not uploaded to the Provider's servers.

4.2. The Service may process local settings, entitlement information, and, where history is enabled by the Customer, limited information about completed checks. The specific data categories are described in the Privacy Policy.

4.3. SafePDF Check detects only supported risk categories and does not guarantee detection or removal of every possible hidden-data type, vulnerability, malicious element, or mismatch with the requirements of a particular organization, court, authority, or procedure.

4.4. The Service is not antivirus software, a certified information-security product, a legal review, or a guarantee that a document is acceptable for a particular purpose. The Customer remains responsible for deciding whether to send or otherwise use a processed file.

4.5. Use of the Service requires a compatible device, operating system, browser, and Internet access for loading the application, payment, and entitlement confirmation. The Provider is not responsible for failures of third-party hardware, software, networks, or services outside the Provider's control.

5. Access procedure

5.1. Access is activated after the Provider receives reliable confirmation of a successful payment from the Payment Provider.

5.2. The method used to associate access with the Customer depends on the technical implementation and may include an email address, account, activation code, order identifier, or another secure identifier disclosed on the Website.

5.3. If access is not activated within a reasonable time following a successful payment, the Customer must contact support@quietlayerlabs.com from the email address used for payment and provide the order number or other information necessary to identify the payment.

5.4. The Paid Period begins when access is activated, unless the payment page expressly states otherwise.

5.5. The Customer must keep access credentials confidential and must not transfer them to third parties. Actions performed using the Customer's access credentials are deemed to have been performed by the Customer until the Provider is notified that access has been compromised.

6. One-time payments and no automatic renewal

6.1. As of the effective date of this Offer, SafePDF Pro is purchased through a one-time payment for the selected period.

6.2. Automatic renewal, storage of payment credentials by the Provider, and automatic recurring charges do not apply.

6.3. At the end of the Paid Period, access to paid features ends or is restricted. To continue using SafePDF Pro, the Customer must independently purchase and pay for a new period.

6.4. The Provider may introduce automatic renewal in the future only after publishing new terms and obtaining the Customer's separate, explicit consent. A prior one-time payment does not constitute consent to recurring charges.

7. Pricing and payment

7.1. The plan price is displayed on the Website and payment page before payment. The Customer pays 100% of the price for the selected period in advance.

7.2. Prices may be displayed in Russian rubles, US dollars, euros, or another supported currency. The transaction currency, exchange rate, and any fees charged by the Customer's bank are governed by the Payment Provider, issuing bank, and payment system and are displayed before payment confirmation or shown by the Customer's bank.

7.3. The payment obligation is satisfied after the Payment Provider confirms a successful payment.

7.4. The Provider may change plan prices for future orders. A price change does not affect a period already paid for.

7.5. A receipt is generated and sent to the Customer in accordance with the laws of the Russian Federation and the technical capabilities of the Payment Provider.

8. Cancellation and refunds

8.1. The Customer may withdraw from the Agreement in the cases and manner provided by applicable law.

8.2. A consumer may withdraw from the Agreement at any time, provided that the Provider is compensated for costs actually incurred in connection with performance. Where permitted by law, the refund amount may take into account the access period already provided and other documented costs.

8.3. Refund requests must be sent to billing@quietlayerlabs.com from the email address used for payment. The request should include the Customer's name, order number, payment date and amount, reason for the request, and details necessary to process the refund.

8.4. Requests are reviewed within the periods required by law. The technical refund method depends on the Payment Provider and bank. If a partial refund of the original transaction is technically unavailable, the parties will agree on another lawful method of satisfying the obligation.

8.5. If paid access cannot be provided due to the Provider's fault, the Customer may request correction of the issue, a proportionate price reduction, or a refund in accordance with applicable law.

8.6. Nothing in this Offer limits mandatory consumer rights that cannot be restricted by agreement.

9. Customer rights and obligations

9.1. The Customer must provide accurate information necessary for payment, access activation, and communication and must promptly report relevant changes.

9.2. The Customer must use the Service lawfully, respect third-party rights, and ensure that the Customer has the right to process the relevant documents.

9.3. The Customer must not transfer or resell access; bypass technical restrictions; interfere with the Service; derive source code except where expressly permitted by law; use the Service to distribute malicious content; represent the Service as the Customer's own product; or provide it to third parties as a service without the Provider's written consent.

9.4. The Customer may obtain information about the selected plan, paid service, and usage procedure and may contact support at support@quietlayerlabs.com.

10. Provider rights and obligations

10.1. The Provider shall provide access in accordance with the paid plan and take reasonable measures to maintain the Service.

10.2. The Provider may deploy updates, perform maintenance, and change the interface or implementation of features, provided that the material scope of a paid service is preserved or the Customer is given the remedies required by law.

10.3. The Provider may temporarily restrict access to prevent abuse, security threats, violations of law, or breaches of this Offer. Where an error is confirmed, the Provider will take reasonable measures to restore access.

10.4. The Provider may engage third parties for payment processing, messaging, hosting, and other supporting operations while retaining responsibility to the extent required by law.

11. Personal data and privacy

11.1. Personal data is processed in accordance with the Privacy Policy, Federal Law No. 152-FZ of 27 July 2006 "On Personal Data," and other applicable requirements.

11.2. The following data may be processed to enter into and perform the Agreement: first and last name, where provided; email address; telephone number, where required by the payment form; order and payment identifiers; plan and access-period information; support communications; and technical information necessary for security and Service operation.

11.3. The content and volume of processed data are limited to specific lawful purposes and must not be excessive. The Provider does not request passport information or information about family, property, income, or migration status for an ordinary SafePDF Pro purchase unless such information is required by law.

11.4. Full bank card details and CVV are processed by the Payment Provider, banks, and payment systems and are not provided to the Provider.

11.5. PDF files are processed locally and are not transmitted to the Provider. The Customer should not send PDF files to support unless expressly agreed and necessary to resolve a specific request.

12. Intellectual property

12.1. Exclusive rights in the Service, source code, graphics, text, product marks, and documentation belong to the Provider and/or the relevant rights holders.

12.2. Payment grants only the right to use paid features during the Paid Period and within the selected plan. The Customer does not acquire ownership of the Service or any component of it.

12.3. The Customer retains all rights in the Customer's documents and the results of local processing. The Provider acquires no rights in the contents of the Customer's PDF files.

13. Liability and limitations

13.1. The parties are liable in accordance with the Agreement and applicable law.

13.2. The Provider is not responsible for decisions made by the Customer based on inspection results or for the consequences of sending a document where the Service correctly disclosed its supported results and limitations.

13.3. The Provider is not responsible for interruptions caused by Internet providers, browsers, extension stores, banks, payment systems, operating systems, or other third parties, but will provide reasonable assistance in addressing consequences within the Provider's area of control.

13.4. Limitations of liability do not apply where liability cannot lawfully be excluded or limited.

14. Force majeure

14.1. A party is released from liability for non-performance caused by extraordinary and unavoidable circumstances if that party promptly notifies the other party and demonstrates the effect of those circumstances on performance.

14.2. Such circumstances may include natural disasters, armed conflict, large-scale infrastructure failures, binding acts of public authorities, and other events meeting the legal requirements for force majeure.

15. Claims and dispute resolution

15.1. Service quality and operation requests must be sent to support@quietlayerlabs.com; payment and refund requests to billing@quietlayerlabs.com; and personal-data requests to privacy@quietlayerlabs.com.

15.2. The parties will seek to resolve disputes through negotiation and electronic exchange of documents. Claims are reviewed within the periods required by applicable law.

15.3. The Agreement is governed by the laws of the Russian Federation. Disputes are resolved in accordance with applicable law. Consumers retain any mandatory rights concerning jurisdiction and other protections available under applicable consumer law.

16. Term and amendment of the Offer

16.1. This Offer is effective from 6 August 2026 until withdrawn or replaced by a new version.

16.2. A new version applies to orders paid after its effective date. Terms for a period already paid for may not be made less favorable retroactively.

16.3. If any provision is found invalid, the remaining provisions continue to apply to the extent permitted by law.

17. Provider details

Provider: Ruslan Fedorovich Agliamov
